

ELECTROHOLICS

INTRODUCTORY SESSION

“Teamwork makes the dream work”

ABOUT US

“Teamwork makes the dream work”

TEAM

Coordinators:

- Hemanth Sabbella
- Simranjeet Singh
- Nischay Malhan

Contributors:

- Aneesh Kumar
- Puneet Jain
- Akash Jain

“Teamwork makes the dream work”

WHO SHOULD JOIN?

- Anyone who:
 - Loves to play with circuits
 - Like to collaborate with teams
 - Believes in contributing to the open source community

“Teamwork makes the dream work”

WHAT WE WILL OFFER?

- Technical sessions with emphasis on Hands-on Design
- Support for Hardware projects
- Intra-IIITD Hardware Competition
- Help you prepare for Inter-College Competitions
- Seminars by Guests from Industry
- Bring in Internship Opportunities

“Teamwork makes the dream work”

STRUCTURE

- Power Supply Design
- PCB Designing
- 3-D Printing
- Introductory Session on Microcontrollers & Sensors
- Embedded Design for AC Current Measurements
- Signal Processing using Matlab
- High Speed Data Acquisition And Analysis
- RGB Led Driver Design (TLC5940) + SMPS Design
- Intra-IIITD Hardware Competition

“Teamwork makes the dream work”

MEMBERSHIP

How to become a member:

- Attend first two sessions.

How to stay a member:

- Design a cool circuit or PCB on your own.
- Contribute to Club's Github Account.
- Don't miss any two consecutive sessions.

“Teamwork makes the dream work”

THANK YOU

SEE YOU IN FIRST SESSION

“Teamwork makes the dream work”
