

Presented by :

Club Coordinators/Members: Hemanth Sabbella,
Tushar Kataria

Semester (Monsoon 2015)

- Number of Sessions/Events: 8
- Cumulative Participation: 160

Semester (Winter 2016)

- Number of Sessions/Events: 5
- Cumulative Participation: 130

Summary

- Budget Approved – 60K INR
- Budget Allocated - 60K INR
- Budget Spent till now – 53K INR
- Your success: Implementation of makerspace, Collaboration with Professor in their coursework in teaching 3D Printing and PCB Designing. Used by over 200 students for personal and course projects.
- Your failure: Lagging behind in completion of Club Projects

Key findings for future Club growth

Remarks/Suggestion

- Which can improve the club activity:
 - Increasing Maker Culture in IIITD
 - Providing more workshops in various disciplines like Woodworking, etc
- Which student's interest in participation
 - Students who showed interest in learning and implementing hardware and electronics.
- Which can improve student's motivation in joining club
 - Tie-ups with Industry for internship
 - Enthusiasm in joining Maker Movement
